

WISCONSIN LEGISLATIVE COUNCIL AMENDMENT MEMO

2001 Assembly Bill 425

Assembly Amendment 1

Memo published: September 25, 2001

Contact: Shaun Haas, Senior Staff Attorney (267-9025)

2001 Assembly Bill 425 prohibits a person from manufacturing, advertising, selling, delivering, or possessing with intent to advertise, sell, or deliver any product (a masking agent) with the intent that it be used to produce a false negative drug test result. The bill also prohibits a person from using or possessing with intent to use a masking agent with the intent to produce a false negative drug test result.

Assembly Amendment 1 creates a specific definition of “masking agent,” rather than referring in the text of the prohibition to a product used to produce a false negative drug test result. Additionally, the definition of “masking agent” narrows the scope of the bill by limiting its application to masking agent products for which the “*primary use*” is to produce a false negative drug test result.

Passage of Assembly Bill 425, as amended by Assembly Amendment 1, was recommended by the Assembly Committee on Criminal Justice on a vote of Ayes, 10, Noes, 1.
